## Search Leaves Questions In Disappearance

by LEE ANN MACKULIN

Woodruff 'Woody' Kelly Jr., 41 of Bristol, is presumed drowned after his boat 'Piscator' was found, by the U.S. Coast Guard Kenosha, on June 8 near Camp Logan in Illinois, two miles south of the Illinois-Wisconsin border. Kelly is the owner of Woody Kelly and Associates in Antioch.

Kelly left Great Lakes Yacht Sales in Kenosha Harbor, at 2:30 p.m. June 8 on a shakedown cruise headed toward Waukegan, according to Thomas Howe, officer in charge at the U.S. Coast Guard Kenosha office. By 5 p.m., a half hour after his expected arrival time in Waukegan Harbor, Kelly's wife, Ann,

notified officials.

Herb Peterson, of Kenosha Skipper Service, contacted the coast guard at 6:50 p.m. on Saturday after receiving the call.

Assisted by the Zion Police Dept., the Coast Guard conducted a search for the body until 4 a.m. and again from 6 a.m.-2 p.m. June 9.

"We've stopped searching pending further developments," said Howe.

"We may never know what happened. I found out through other people that he (Kelly) had experience through the Navy in boats for 15-16 years. He was very verse on the handling of boats," said Howe.

Kelly's two sons are reportedly conducting a search of their own.

### Record Season

Star pitcher Denise Maple, left, fields a ball in the last game of the 1985 Antioch Girls Softball Season against Mt. Prospect June 3 losing 11-6 in this sectional final. This has been "the winningest single softball season Antioch's ever had," said coach Steve Wapon. ## ACHS Board Appoints Zeien

Michael Zeien has been appointed by the Antioch Community High School Board of Education to replace Bette Meyer. Meyer is retiring from the board after 17 years as she has recently moved out of the district. The appointment was made at the May 16 board meeting.

A father of four, Bob 20, Christopher 18, Scott 16 and Elizabeth 14, Zeien is familiar with procedures at ACHS. He is employed at Commonwealth Edison.

He feels the "Sports and Fine Arts Dept.'s are super programs" and the academic

program is probably "one of the best around," said Zeien.

"We've always had pretty good success with the way our kids have gone through the programs. We followed our kids through the sports program and have been involved with the fine arts. We are pretty involved with what our kids do," said Zeien.

"I've been thinking about this for a few years and had planned to run in November anyway," he said.

Zeien will run again in November when five or six positions are expected to be open.

# Fields, Popp Reaffirm Opposition

Two commissioners from west Lake County momentarily stalled efforts to reconsider purchase of Brae Loch County Club by the Lake County Forest Preserve District.

Both Jim Fields of Antioch and Fred Popp of Lake Villa voted against advancing the Brae Loch purchase plan to the full forest district board at its next meeting Friday, June 21, as a meeting of the land acquisition committee.

Their votes were countered by commissioners Eleanor Rostron of Zion and John Balen.

In face of the 2-2 deadlock, Rostron said she would prepare a minority report on the Brae Loch purchase proposal, a procedure which will enable the full commission to act on Brae Loch if the report receives the support of a simple majority or 13 votes.

Glenn Miller of Long Grove, land acquisition committee chairman, did not attend the June 7 meeting.

Rostron's action will effectively keep the Brae Loch plan alive. Meanwhile, purchase of Midlane Country Club in Wadsworth still is under consideration.

Fields served as chairman of the committee session in the absence of Miller. The committee presently is one member short with the resignation of Priscilla Richardson of Gurnee.

Commissioner Norman Geary, a prime mover for Brae Loch, called the no votes by Fields and Popp a continuation of antagonism toward him and disregard for the public good.

As an observer at the meeting, Geary suggested that Popp be removed from the committee for "irresponsibility."

From the start, Geary has viewed the purchase of Brae Loch as an opportunity for his home township, Avon and the highly populated Round Lake-Grayslake area, to "catch up" with the rest of Lake County because Avon does not have any forest preserve land plus the

completion of the original land acquisition plan adapted eight years ago.

The forest preserve district has extensive holdings in both Antioch and Lake Villa townships.

As it stands now, the county will be dealing with a Chicago developer, Melvin King, who purchased the 158 acre course last month. King said he would be receptive to selling Brae Loch to the county.

Asked if a compromise could be worked out by having the forest preserve district acquire only the golf layout of approximately 100 acres, Miller replied that such a turn would be "one of the options open to us."

Late last week, Commissioner Robert (Bob) Depke of Warren Township repeated his position that the forest preserve district "should stay out of private business like running golf courses." Depke has been seen for some time as a key vote on Brae Loch, which is located immediately adjacent to the Gages Lake-Wildwood area represented by Depke.

Meanwhile, there is growing support among commissioners for acquisition of Midlane.

# Two Sides Of Question On Renting For Elderly

It's mail bag time again as The Meyers Report shares reader questions with the rest of the world.

**Q.** I am 75 years old. Your article on owning a home but living elsewhere to gain tax advantages made sense. I also want to live in smaller rented quarters. Where can I get forms for renting and accounting procedures? M. Downs, Appleton, Wis.

**A.** Perhaps you shouldn't rent out your home and live elsewhere. "The main advantage would be in gaining depreciation on the real estate. At age 75 most people are

add on additional cost expenses if you do not have to.

At age 75 you also probably have a great deal of equity in your home because you have had time to substantially pay off the mortgage. The proceeds from selling your house and reinvesting the cash may well be greater than the cash return on renting your home, with or without tax consequences.

But if renting your house can give you the profits you want, go ahead. The lease forms are available at any real estate broker's office and at most stationery stores selling office supplies and business forms. As for depreciation, see your accountant or get IRS form No. 1040, schedule E.

**Q.** I want to go to college. Where can I get information on student loans? N. Akers, Chesterton, Ind.

**A.** The College Costs Book is put out by the College Board, a non-profit organization, for \$10.95, and is available at local book stores. The book can also be ordered direct from the College Board at Box 886, New York, N.Y. 10101.

**Q.** What are the risks of opening a savings certificate by mail in a distant bank or savings institution, assuming that they are insured? W. Hirsh, Appleton, Wis.

**A.** "As long as the institution is federally insured and your account is \$100,000 or less, there are no risks at all," said Edmund Shanahan, president of Bell Federal Savings & Loan in Chicago.

## LAKELAND'S Business Brief

A new bar for softball players—Benji and Tube's Relief Pitcher—has opened in Park City at 560 Old Skokie Rd.

Owners Ben Michaelson of Waukegan and Frank Angelos of Lake Villa, two long-time softball players, are preparing two playing fields on three acres next to the bar. The diamonds are expected to be usable by mid-summer for league and tournament games.

Between the two of them, they have over 30 years of softball experience. Also, both men work at Anchor Glass in Gurnee, and say they'll be serving their beer in bottles—not cans.

Leisure Technology, developers of Leisure Village, Fox Lake, announced that it has negotiated an option to purchase an eight-acre site in Wheeling for a \$25 million senior citizen housing community with health care and other support services.

This area has been designated for senior citizen uses in the comprehensive plan of the Village of Wheeling.

Adjacent to the LeisureCare site is an ambulatory care center and a large assisted senior citizen housing project.

An open house has been scheduled to celebrate a second Lake County office for Realty World-Dale Shea. The new office is located at 1002 N. Milwaukee Ave. in Libertyville. The public is invited to stop in for refreshments from 2 to 9 p.m. on Friday, June 28.

## Watchdog Group Seeks Members

4th Dist. Taxpayers Assn., a watchdog organization serving Antioch, Lake Villa, Grant and Avon townships is pushing a membership drive to raise funds.

The association sent a letter to every household in the fourth township district requesting a \$5 membership fee.

Ursula Eichhorn, treasurer, said the group's biggest expense is postage and mailing. The association can be contacted at P.O. Box 261, Fox Lake, Ill. 60020.

Eichhorn called attention to some of the association's accomplishments, including

tax reductions in Grant and Lake Villa townships, Lake County and the Village of Fox Lake through tax ceiling referendums.

She also pointed out that recent revelations of wrongdoing in Fox Lake supported the association's efforts to have former Mayor Richard Hamm removed from office that were stonewalled in the courts.

The association also was instrumental in supporting Eichhorn's elections at the Congressional District representative to the Citizens Utility Board (CUB).

## Park District Set Swim-A-Cross

Ten Lake County park districts have agreed to help the American Red Cross this summer by sponsoring Swim-A-Cross, an annual fund-raising event for the Lake County Red Cross.

The participating park districts are currently recruiting swimmers of all ages and abilities to swim in their events, which are scheduled at Lake County pools and beaches throughout July.

Swim-A-Cross swimmers obtain pledges from friends, relatives, and local businesses who offer to sponsor the swimmers for a specified amount of money for every length they swim. After the event, the swimmers then collect the funds from their sponsors and donate the funds to the Red Cross.

Besides supporting the Red Cross, the swimmers will be awarded prizes based

on the amount of money they raise.

This summer's Swim-A-Cross will be held at park district pools and beaches in Antioch, Deerfield, Gurnee, Highland, Lake Bluff, Libertyville, Mundelein, Vernon Hills, Waukegan and Zion.

Anyone interested in participating in a Swim-A-Cross should pick up the necessary materials at his or her local park district swimming facility. For more information on exact dates and locations, call your park district or the Red Cross at (312) 949-1000.

# Hersons To Set 'Fire' To 1985 Great Race

by GLORIA DAVIS

Lake County's most ardent antique and classic car collector and enthusiast, Don Herson will be competing again this year in the Great American Race, trying for his share in the \$250,000 pot at the end of the 3,000 mile racing rainbow.

First prize is \$100,000, second \$35,000 and third, \$20,000.

This year the race, sponsored by 117,000 Interstate Battery dealers, starts in Los Angeles on June 24 and ends with a bang in New York City on July 4, big Independence Day Parade and all.

Herson, his wife Sally and son, Brian will be driving two of the many antique cars owned by Herson, an 1924

Seagrave Fire Engine and a 1934 fire chief's car.

The aura of the annual race is a patriotic one planned to fete America's birthday in what the sponsor's call "A reflection of the values that make this country great."

Herson, owner of Vogue Printers, North Chicago, reports that the race (antique and classic cars only) is not a speed race, in fact the three oldest cars that simply finish the race (obeying all the rules) win \$25,000, \$10,000 and \$5,000 apiece.

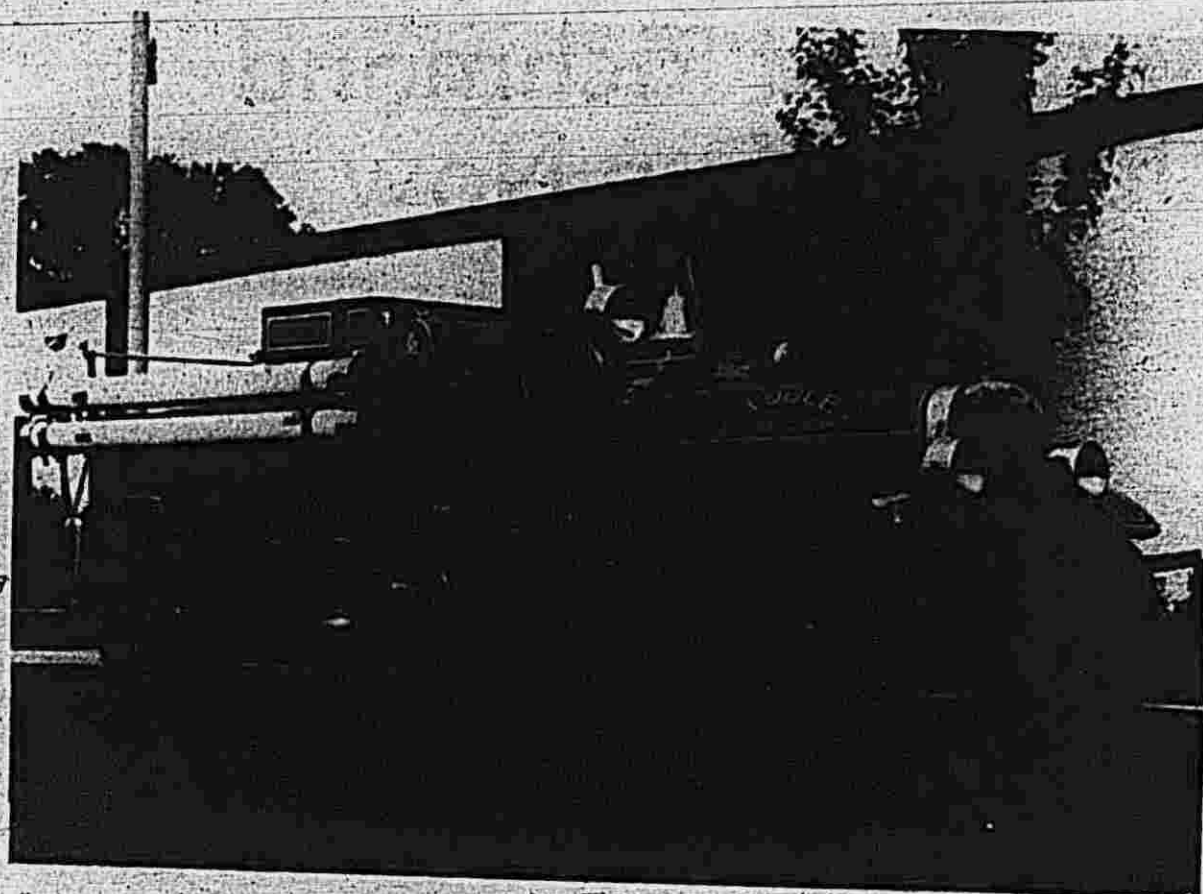

Businesses that sponsor a car pay an entrance fee of \$6,000 and individuals pay one of \$5,000. The field is limited to 110 entrants.

According to Herson, one-

fourth of the entrants are out for a flat win and the other 75 percent just hope to finish while enjoying the whole excursion.

Vehicles are classed in age categories and not allowed to exceed 50 mph at anytime while traveling the course, one of the many rules included in the 32-page rule book.

Last year Herson drove a 1921 Rolls Royce limousine. Since he bought his first collector's car, a Model T Ford, he has acquired quite a collection of vintage cars that includes a 1907 Stanley Steamer, a 1909 Lambert, a 1916 Chevrolet touring car, a 1921 Melbourne, a 1930 Chrysler, a 1949 American LaFrance, a 1955 Thunderbird, and a 1967 Mustang convertible.

tertainment to the grandstand for the fourth year. Ticket prices are \$9, 8 and 7. Both Alabama concerts at the 1984 Fair were sellouts.

Opening both shows will be a trio of folk musicians, Steve Budde, Jim DeWan and Cliff Landis. With guitar, fiddle, banjo and mandolin, they specialize in old-time and fiddle tunes and in tightly woven three-part singling of traditional and gospel songs.

They've played at Two-Way Street and The Old Quarter and this will be the trio's concert debut at Adler.

# Battle Of Richmond Just For Fun Now

by GLORIA DAVIS

June 9, the morning of the scheduled attacks, dawned warm and sunny. A hush lay over the 15-acre battlefield near Richmond.

Close scrutiny of an aerial picture of the scene might have revealed camouflage-clad figures darting through the wooded area, some heading in one direction, others in another, but all headed toward two flags planted in the open at either end of the rough terrain.

Bill Schroeder, Jr., Ingelside, was hiding behind a tree in the wooded area that skirted the open field in which stood the coveted flag belonging to the Red Team.

Suddenly he and the other four members of the Green Army stormed the area to the surprise of its defenders.

Schroeder reached the flag, ripped it from its position and began running towards the haven of the trees. Victory seemed to be within his grasp when a bullet tore through the woods and hit him in the leg.

In a dying motion, the brave lad went down as yellow paint streamed down his leg.

This conflict obviously was not the Civil War strategy of Gens. Grant or Lee as it was 100 years ago, but it will top the list of many more local battles to come, as The Survival Game is introduced to the area.

The Survival Game is actually a field sport in the same vein as hockey, football or soccer. It has a military theme with team members carrying Splat-master guns, wearing camouflage uniforms, and goggles.

The game must be played on wooded acreage by two teams. Each team can have up to 20 members. The object of the game is for the Green Team to capture the flag of the Red Team (or vice-versa) and return it to the Green Team's camp (or vice-versa).

The bearer of the flag has to reach his home base without being "killed." A team member is "killed" and out of play when he is hit by a paint pellet fired from the Splat-master gun of a member of the opposite team.

If neither team is successful in returning a flag to their home base, the scrimmage is won by the team that has the most members still alive at the end of the 40 minutes allotted for each conflict. Each "battle" is made-up of four, 40-minute scrimmages with rest periods between each skirmish.

This is a nationally distributed copyrighted game, handled by area dealers. Bill Clark of Fox Lake is the dealer for Lake and McHenry counties.

The dealer procures the playing area, distributes the splat guns, goggles and team arm bands to the players and sees that there are three referees on the field, one at each camp and one field referee.

Players may wear their own optional military garb, rent or buy some from Clark.

Clear goggles are a must; a player will be ejected from the field without them.

Players that are hit with a gelatin capsule containing non-toxic, water-soluble yellow paint, are also out of the game. They must put their hands on their heads and leave the field.

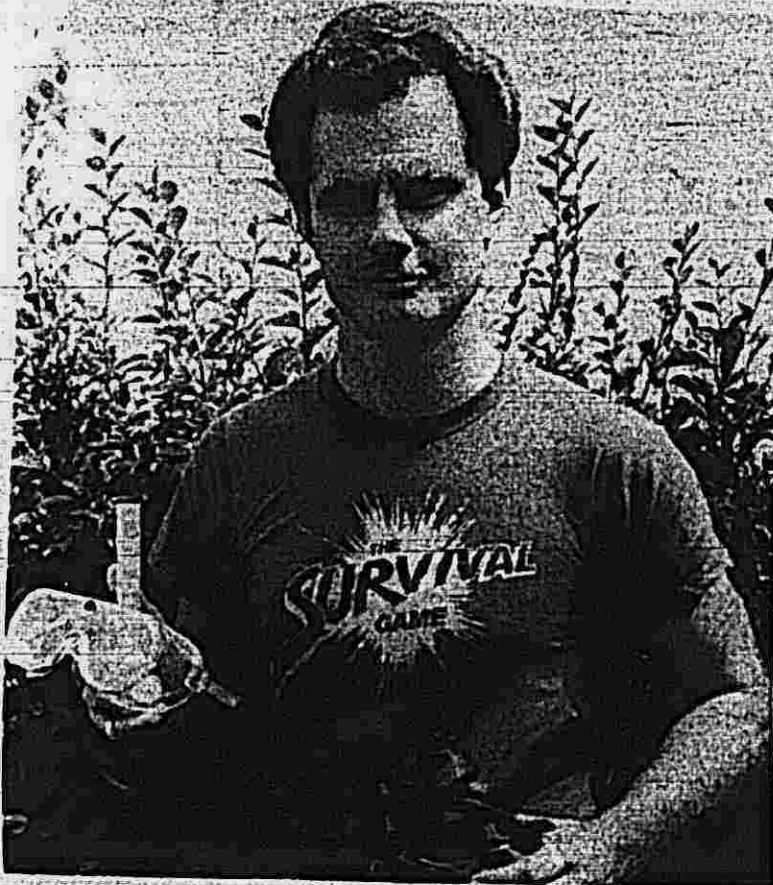

"It's exciting, takes a lot of stamina, sometime a little scary, a real blast, a bunch of adults playing army" said Schroeder as he announced that he and his two buddies that had taken part in the initial fracas, are going to become season members.

Season membership is \$25 and each three-hour battle

\$15. The open fee for each battle is \$22.50. Players must be 18 years or older. The splat gun, 20 pellets, goggles and armed bands come with the initial fee.

The next area conflict is scheduled on the same battlefield on Sunday, June 16. Anyone interested in participating MUST call Clark at (312) 587-PLAY.

Spectators are not allowed for insurance purposes. Although Clark carries insurance, each player will be asked to sign a waiver.

# McConnel's Candidacy Gets Another Boost

Venita McConnel picked up her fourth endorsement from a county board member in her quest for the Republican nomination for Lake County clerk in next spring's primary.

McConnel, who is the Wauconda village clerk, gained the support of Dist. 6 Rep. Pat Wilson of Mundelein. Mr. Wilson joins former County Board Chairman Glenn E. Miller, Forest Preserve President Donald Strenger and Dist. 6 Rep. Jerry Beyer in endorsing McConnel's campaign.

Wilson informed Lakeland Newspapers that "Venita McConnel is one of the rare professionals in public life who comes, along with training, dedication and a concern for good government for all the people of Lake County." Pat Wilson

also maintained that McConnel "was a public person of unswerving integrity, sincere conservatism, great personal courage and a lively sense of personal dignity."

Wilson has been a county board member from Dist. 6 for three years. Dist. 6 includes Cuba, Elia, Fremont and Wauconda Twps. He has been a resident of Mundelein for over 30 years. Wilson attended the University of Illinois and Lake Forest College where he majored in business administration. He is operational manager of ITS. Wilson is a U.S. Army veteran and a member of the Mundelein American Legion Post 867. Before his election to the county board, Wilson was a Mundelein Village trustee for 14 years.

Mrs. McConnel is competing with county board

member Donna-Mae Litwiler for the Republican nomination for Lake County clerk to oppose Democratic incumbent Linda Hess in the Nov. 1986 elections.

Hess won the office in 1982 when she defeated Republican Harry Thomas by 353 votes out of 111,187 ballots recorded in the county clerk's contest. Linda Hess is the only Democrat occupying a countywide position. Hess succeeded three-term Democratic County Clerk Grace Mary Stern. The Democrats have controlled the county clerk's office for the past 15 years.

# Players In 'Shock'

The Kirk Players present **SHOCK!** at 8 p.m. June 14 and 15 in the Mundein High School Auditorium. This suspenseful crime drama by Brian Clemens will be an exciting finale to end the Kirk Players' 19th season.

Cast in the two female leads are Kathy Russ (Mundein) as Ann Marsh, the lovely and competent flight attendant and Paula Williams (Wildwood) as the fearfully jealous wife Jenny Rayner.

Maggie Miller (Terry Sapp, Ingleside), another flight attendant, has brought friends together to celebrate her birthday. But... something goes wrong. She can't be found and bodies begin to appear right before your eyes.

The male cast is well represented by Floyd Baker (Vernon Hills) as Captain Terry Baker and Steve Sapp (Ingleside) as Steve Turner, who is someone Ann would

like to know on a permanent basis.

With Maggie's disappearance, suspicion is cast on Jenny's roving husband Peter (Jon Leslie Lynn, Libertyville) and an odd sort of neighbor, Andy Lewin (Tom Schrimpf, Libertyville).

The play is very realistic and although worse things are routinely shown on

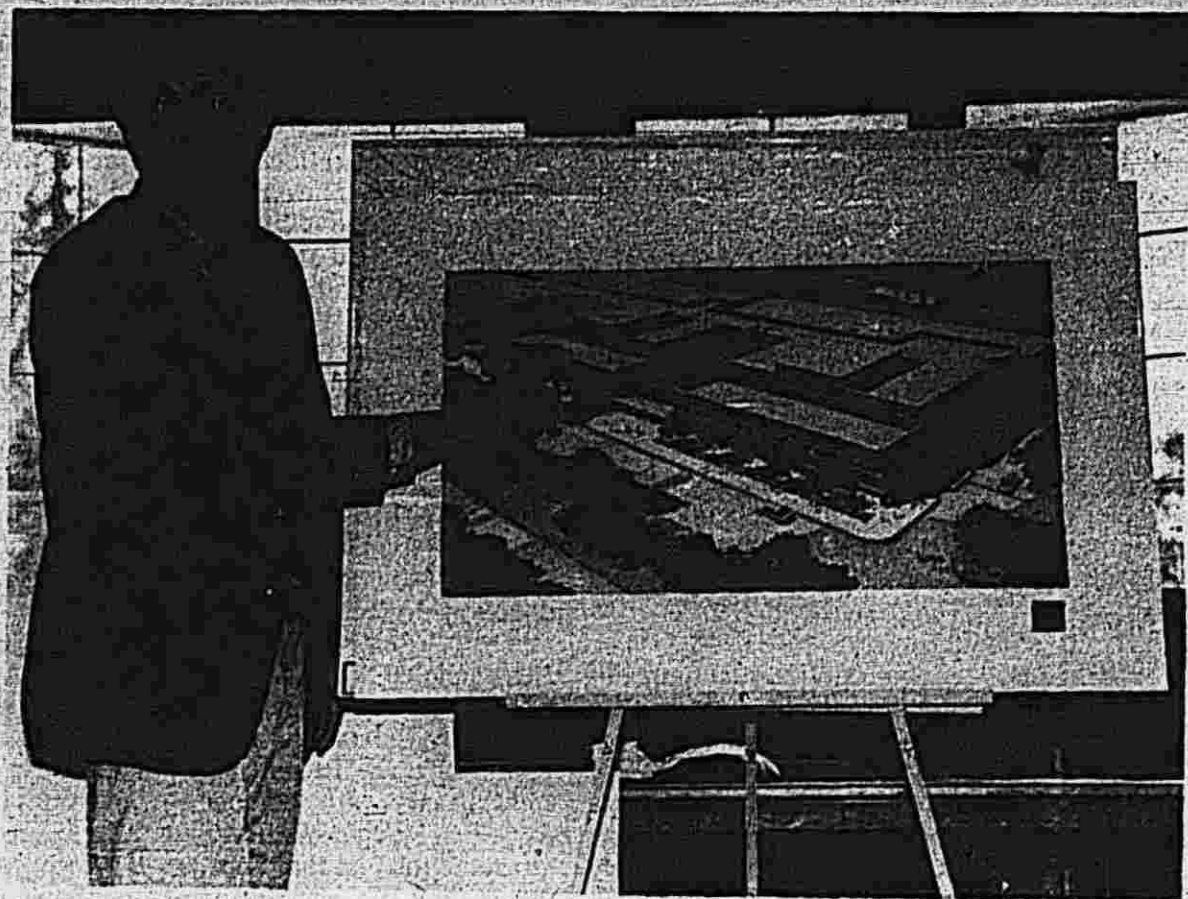

television, this play may not be suitable for young children. The play is being sponsored by Austin Drill Corps 84. Tickets are available at the door: \$3 for adults, \$2 for students and \$1 for senior citizens. For more information call (312) 566-6594.

## Nicaragua Film

"Nicaragua: A Report From the Front," will be the featured film at the public meeting of the Lake County Peace Alliance at 8 p.m. on Monday, June 17, at the Waukegan Public Library. Richard Grossman, a recent masters degree recipient in Latin American History from the University of Illinois, will be the speaker for the evening. Grossman has visited Nicaragua three times since its revolution in 1979. Admission is free. For further information call (312) 746-5244.

## Political Program

Captain Marion Chaplesky of Mundein will present a program on Political Buttons and Other Memorabilia for the June 17 meeting of the Historical society of the Fort Hill Country at the Ivanhoe Church Social Hall at 8 p.m. A question and answer period will follow the program. A social hour will follow. The Ivanhoe Church is just west of the corner on Rte. 176.

# Russ Off And Running On His Latest Stroll

by RUSS FAIRCHILD

"Good Morning"—Are you ready for another one? Okay, Don your walking shoes, and let's make the first stop a great one, by paying a visit to the brand new Las Vegas Restaurant on Main St. This time the Katris Brothers have really outdone themselves in renovation, with a large addition to the original that becomes part and parcel of the new.

Congratulatory floral arrangements adorn from well-wishers both in the private and business sectors. In the dining room there's an aura of grandeur, as hostess Jean Benser is seating Ed and Dorothy Gromala of Winchell's Donut House.

Charming Carol and Jim Corrigan of ACHS occupy a booth being catered to by waitress Denise Kowalski. At the cozy counter sits school Supt. Donald Skidmore, Trustee Don Amundsen, and Frostee Form's Ev Oftredahl, being served by popular waitress Shirley Vaughn. Judy Lawrence tends art collector George Boyd, Chuck Wittmer, and Ken Rosenbrock, who greatly fears this exquisite transformation is enough to bring his hostess-wife Vera right out of retirement.

On to the Vault, where not too long ago, Annie Mae, who was to join me for coffee, dallied along the way. Jim and George Roupas, your hosts. Pretty waitress Connie Dominas serves Harold Mason in a booth. Waitress Maria Skrypt, absent too long from the scene, has her hands full with big Fred "Ollie" Beckman, famous moose clown, who has just joined Ray Glassman and top clip-artist Don Kerkman of Lakes Area Barber-Tobacco Shop at a breakfast table.

At the counter, Sandy pours coffee for talented artist Tom Hannigan, whose fine drawings are fast becoming collector's items.

Jean Rybicki, office manager of Antioch Publications, is being served breakfast by waitress Diana, in a booth.

Steve Pacinie, prominent businessman is chatting with Marilyn Warden of Piggly Wiggly, and that congenial and expert school-bus operator, Shirley Robinson.

Speaking of Antioch's highly accredited rescue squads, we're honored by the presence of three of its talented paramedics now being served at a table by Janice Klein, Capt. David Heath, popular Bill Georgeson and smiling Sid Parker. I should know, as I've rode with all three.

Heading due south on Main St., a sense of foreboding overcomes me. All is not well. I get an uncanny chill as I continue on my way, when all at once... Straight ahead there's the doom... STRANG'S!!

And sure enough, leering out at me from behind the door drapes are the beady eyes of digger Dan Dugenski and solemn Steve Smouse. Otherwise known in their trade as DDD and SSS. They never say die. Silently, I hurried on hoping that Lt. Tom Fisher or patrolman Bob Lang would cruise along.

The Squire Restaurant, and that is synonymous with Hanne Hogan, one of Antioch's worthy waitresses, which also attests to the fact that here you'll mostly see the same, satisfied, familiar faces. Such as two of our town's heavy hitters, the ever popular Township Supervisor and Board Member Jim Fields, along with John Teresi, being carefully served by top waitress — Kathy Flam. Nearby dines two very special folks from ACHS, Ann and John Kakacek.

Jim and Sue Glenn at the counter, chatting with the Hogans, Chuck and Earl, while being attended by Anne McNeerney, popular waitress.

The Bee Hive. Chief Honchos are Jim and Ben Sabini. Now visualize an August atmosphere where you might find fine folks like Edna and Bill Barr, being catered to in a spacious booth by fabulous Penny Soulak. You can almost hear the violins.

Across the room at a table sits our distinguished looking township assessor, Bud Holtz and party giving their choices to pleasant waitress Joanne Stephen. Hank Malone and the Blackmans are drinking coffee at the counter, via waitress Dee Jacobson.

Frank Schultz, perennial postman, delivers the mail. Back in a booth sits Nat and Joan Ducato, two popular people around

town, as Dorothy and Carol Jurgansen wait to be seated.

When I entered here, I sensed something was amiss. A certain someone, who is very conspicuous by their absence the lovely hostess-cashier, Adeline Goodrich.

Wanda's Westaurant, S.E. corner of Rtes. 83 and 173. Behind the huge cow. It must be a comforting feeling to know that wherever you set up shop, you've left a legacy of satisfaction for your customers. So be it. That's the trademark of Wanda and Harold Hurst. Good Food. They, too, have held their following down through the years. You'll still find Trustee Ron Cunningham and Earl Yates at their own table. Attractive Jean Zak and the ladies of St. Peters Parish. Pete Pearce the welder. Bob Mahoney and Big Bill Walker, machinist and swell guy. Ed Bauman and George Plack, the latter recovering nicely from a severe hand injury. Best wishes to him.

Lakeside Restaurant, 410 Lake St. — your hosts Carl and Margie Turner. This quaint place is unique, in that it differs entirely from the rest. An atmosphere of homespun philosophy is prevalent, with family ties in abundance. The Multi-talented Margie strives to keep all in a happy mood. And notwithstanding her fabulous collection of antiques (No! not the customers) she sure succeeds. Just glance at Glenn Fox or Paul Zeien and Howard Wells, enjoying this, plus excellent food.

Even marvelous Marilyn Edwards (an old holdover from Reeves Drugs) is carried away at times by it all, unless Myrus Nelson, or Jim Atkinson snaps her out of it for more coffee.

Or Banker Dick Daniel getting the business from jaunty waitress Jane Dickerson, who badly needs capital to greet Great America. Bill "The Builder" Simbrowsky reading his want ad in The Antioch News. Postman Will Gers dropping off mail. Larry is off. (You can say that again).

Rudy and Nancy Zinger over in a booth, talking to the Ogden family while Jeri Vickers serves their food. Waitress Debbie Wendt taking orders from Jim and Linda

Curtis, Bonnie and Ruth Tarkowski dreaming of a Bears Christmas.

By now, you're aware of the warm attitude here at the Lakeside, and the first person to heartily agree about the warmth is cook Carl who is getting plenty of that in his kitchen preparing fine foods for your dining pleasure. Bon Appetit! and Don Wendt went.

McDonald's. The Golden Arches still beckon to those lovers of fast foods, like Marge Sette, the Nicpons, and Agnes Palmer of Trevor, who along with George Gialds and Elmer Rentner favor the mid-section. Likewise the Mapletorphes. Joe Matusek is going for a coffee refill.

Yes, Mary Gurac is still, by unanimous acclaim, your heavenly hostess, wending her way in and out of the non-smoking section, while pouring coffee for nice folks like John Christensen, Big Ed Wallock, Arlene Cramer, Marcie Marcucci of Senior Center, John Kulack, Tipman, and Banker Ed Archambault.

The far east section boasts such patrons as Attorney Steven Wild, Rev. Williams, Vernon Hall and Walt Johnson. Don't forget every Tuesday 9 a.m. Bingo with Mitch and Iris.

VFW Post No. 4551. Still alive and well over on North Ave., lies the spacious and popular action barn, where Tuesday night bingo comes to life. So does Jim Egem.

Loyal Order of Moose Lodge No. 525. What a place. Here you can meet and eat with the likes of a popular mayor Ray Toft, or a likeable police chief Chuck Miller, or a village clerk Marilyn Sterbenz. You can at times dance to the music of Frank Merle and His Marks. Or be thrilled by the antics of clever clowns like Bobbi and Ken Knackstedt, or Fred Beckman as Oliver Hardy. (No, not Warner Olson).

You can have a sociable drink at the bar with pleasant people like Carl Gulbrandsen, Norma and Ex-Governor Scotty Lowe, Rose and Ray Dunaj, Elmer Keisler and Ray Edwards.

There's only one drawback to all the above  
(Continued on Page 16A)

Lake County Board of Health President Arthur Newell was indicted June 10 on federal charges involving

**CLC Presentation**  
"Central America: U.S. Role and Responsibility," is the topic of a presentation by U.S. Foreign Service Officer Kenneth Audrou, scheduled for June 19 at the College of Lake County, Grayslake campus. Audrou will speak at 10 a.m. in the Blue Lecture Hall. His presentation is free and open to the public. There will be the opportunity for questions from the audience. For more information, call (312) 223-6601, extension 532.

a kickback and extortion scheme in the Village of Fox Lake.

Newell, a prominent Fox Lake attorney, will be arraigned on June 17 on 25 counts of Hobbs extortion and one count of racketeering.

The attorney is the "bagman" that US Attorney Ira Raphaelson said worked with former Fox Lake Mayor Richard (Butch) Hamm and former Fox Lake Trustee Richard Gerretsen in picking up kickback payments from village businesses.

Hamm and Gerretsen both plead guilty in May after

being indicted on federal charges involving both kickback schemes in the village and bribery charges in connection with a Fox Lake contract with US Cable of Lake County.

Also indicted on federal charges on June 10 were Chris Nicolaou, the owner of the Golden Coin Restaurant in Fox Lake and HOD Disposal Director John Horak. Nicolaou was charged with mail fraud and bribery conspiracy which involved paying Hamm \$5,000 for a liquor license. He was also charged with lying to the FBI.

Horak was charged with

bribery which involved paying Gerretsen and Hamm for garbage contracts. He also paid Hamm for the dumpster set at the

Hidden Glen apartment complex.

When Newell was named to the Lake County Board of Health in 1982, two board

members quit in protest of his appointment. He became president of the board in July of 1983 and has been reappointed since.

(Continued from Page 14A) pleasures. You must be a member! And a good member. Not a nuisance, troublemaker, drunk or misfit. Just having a card doesn't entitle you to infractions at any time.

But hold on! Why am I so concerned, when we have a new Governor who will control all this. He might even go so far as to throw me out, but regardless, Leonard Kreusler will do one sure thing - He'll instill spirit and wisdom to a wonderful lodge.

Struggles. Breakfasts now being served. Props. Leota Wilton and Randy Miller. Popular village trustee Bob Wilsons, still a heavy hitter and driving force bringing in the sheaves. Aside from this lovely palace of luxury and expensive tastes, it's impossible to name the many who have passed thru these portals. Of course you may spot Warren and Mary Polley in a booth. Or the Quendenfelds at a table. Gert and V.I.P. Lee Ipsen of Village Cleaners basking in it all, along with neighbors like Joan Stahl and Lorraine Barski. Bingo. And that looks like another trustee, Mabel Lou Weber over by the salad bar.

Vi's Yellow Bird. On the outskirts of town, to Channel Lake, and this ever, popular polka palace of the Johantgens, Vi and Al. They recently celebrated their 13th anniversary with a special Sunday afternoon party. Uncle Jess and the Stardusters entertained for the dancing pleasure. Betty Newer was hostess.

This beautiful show place has been a favorite of Ginger's and mine for all these years, and what bands and entertainers have left their musical trademarks here. Far too many to mention.

Through it all, the good and otherwise, Vi has had her health problems, just like Ginger, but being the trooper she is, ill or not, the show went on.

She would pick herself up by sheer guts and true grit, to keep the Yellow Bird's song alive. Lord willing she continues. There's only one Vi.

And so folks, we end another stroll through town. If any of you were missed along the way I'll pick you up next time. And if you tired out a little bit... I'll understand... So did I... Keep looking up.

## Out On A Limb

Lake County Forestry technicians literally go out on a limb at the Lake County Forest Preserve. Ron Falls, left and Jim Turner, right, make up the tree crew along with their supervisor, Forestry Foreman Joel Hercek. The crew is in charge of taking special care of the trees in the preserves throughout the county. Their responsibilities include tree removal, transplanting and land clearing.

# LaBelle Appoints Martin To Board

Grayslake Banker Eugene Martin has been appointed by Lake County Board Chairman Jim LaBelle to fill the vacancy left by Dist. 5 Rep. Priscilla Richardson on the Lake County Board.

Martin, of Libertyville, is vice chairman of the board at the Grayslake National Bank. He formerly worked for the First Lake County National Bank of Libertyville for 20 years.

"I am very pleased with Jim's decision. I feel great and I think I'm ready to do the job. I'm excited," Martin said.

Martin was chosen by LaBelle over former board member and Libertyville Twp. Supervisor Mike Graham.

He (Martin) has resided in Libertyville Township for 29 years and has actively contributed to the community.

He also served as an elected official on the Libertyville School Dist. 70 Board of Education for 10 years.

## Award Officials Bonus Payments

A bonus payment has been issued to a Lake County official, according to J. Thomas Johnson, Illinois Director of Revenue.

The \$3,000 bonus payments are being issued to local tax assessors who meet certain standards of excellence in their assessing districts. The Lake County official receiving this bonus is: Pat Morris, Waukegan Twp., 3 Year Average Level of Assessment: 33.90; Co-efficient of Dispersion: 19.00.

Bonus payments awarded to 12 other Lake County officials were announced in earlier releases. They are: Robert S. Earhart, Deerfield Twp.; Herbert W. Hanf, Zion Twp.; Robert G. Jasper, Lake County; Irene G. Damm, Fremont Twp.; Uno A. Larson, Elia Twp.; William Swanson, Libertyville Twp.; Charles Gerschelske, Vernon Twp.; Harry I. Pillman, Cuba Twp.; Michael E. Karasinski, Lake Villa Twp.; Walter R. LaBac, Wauconda Twp.; William R. Brown, West Deerfield Twp. and Gordon Washburn, Warren Twp.

"It's clear that more and more Illinois assessing officials are realizing the importance of uniformity and equity," Johnson said. "As a result, we've seen a substantial increase in the number of counties which are receiving equalization factors of 1.0000."

For example, 42 of the 93 tentative factors assigned so far for 1984 are 1.0000, compared to five years earlier when only 16 counties received equalization factors of 1.0000," Johnson added.

Johnson said he expects approximately 10 percent of the state's 960 assessing officials will qualify this year for the \$3,000 bonus payments. The state revenue director added that he anticipates even more assessing officials will qualify by next year.

The bonuses are available to township assessors, multi-township assessors and supervisors of assessment. Officials who feel they may qualify for a bonus should submit an application for the appropriate assessment year to the Dept. of Revenue within 60 days after the tentative equalization factor has been issued to their county.

## Cloudy Start, Finish

If it weren't for the fact that his term on the Lake County Board of Health expires June 30, it would be in order to call for the immediate removal from the board of Atty. Arthur Newell of Fox Lake, who currently serves as president.

Newell's ability to serve in public office has been impaired by his involvement in the alleged Fox Lake extortion and kickback scandal, being identified as an unindicted co-conspirator in the case. As a practical matter, Newell's term can be concluded and a new appointment made without the Board of Health getting involved with his personal difficulties.

Newell became a member of the Board of Health under a cloud of controversy. He was

named to replace Dr. Anne Barlow, a physician with an international reputation in the field of public health administration and at the time the highest-ranking woman executive at Abbott Laboratories. Two members of the Lake County Board's Human Services Committee, Harry Thomas of Libertyville and Janet Morrison of Waukegan, quit their posts in protest over the ouster of Dr. Barlow. The ouster of Dr. Barlow was engineered by Dist. 4 Rep. Donna-Mae Litwiler of Ingleside, where the physician of world-wide renown resided when first appointed to the board.

So Newell came in under a cloud and it appears that he will be leaving under a cloud. Ironically, the energies he applied to the Board of Health were creditable.

## Friend Or Foe? All Alike!

The Lake County Board, with a well-earned reputation for rough and tumble politics, is the type of body politic where you never know who are your friends or enemies. Quite often, friends and foes shift from issue to issue. Wending through this maze is like walking a tightrope—or tiptoeing through a mine field.

Dist. 4 Rep. Norman Geary of Grayslake moved heaven and earth to bring about the election as county chairman of Dist. 3 Rep. James (Jim) LaBelle of Zion, last December. As chairman, LaBelle is required to make a variety of appointments, including special tax districts. One such is the Round Lake Sanitary District board of directors where there presently happens to be a vacancy. According to procedure, Geary has the responsibility of making a recommendation

for the appointment to the county chairman, as the most "local" county board representative. According to county board protocol, the recommendation should be acceptable to Geary's colleagues, Jim Fields of Antioch, Fred Popp of Lake Villa and Donna-Mae Litwiler of Grant. So, LaBelle, who owes his election as chairman to Geary, instead of acknowledging a favor has counted the "votes"—three to one, you'll notice—and is dragging his feet on the appointment, totally disregarding the fact that Geary's recommendation has excellent credentials and a fine track record to boot.

We're not sure whether Geary, the dean of Lake County Board is kicking himself about who he supported for chairman last year but he undoubtedly will admit that enemies are easier to come by in county board than friends.

## Turning On The Faucet

Local state legislators have initiated action in the General Assembly that could unlock the door that has prevented efforts to bring Lake Michigan water to central Lake County communities.

A bill was passed in the Illinois House providing for creation of a Joint Action Water Agency with power to issue general obligation bonds. The legislation, which now faces a Senate test, answers the question about how to finance such a momentous venture, a question which has vexed interested municipalities for years.

Lake Bluff, Libertyville, Mundelein, Gurnee and Grayslake have been working together, sometimes not so harmoniously, to put together the pieces necessary to pipe

Lake Michigan water inland, which has been a dream for more than a quarter of a century.

Legislation provides for referendum approval by voters before bonds can be issued. That is as it should be.

The current lake water project officially is being spearheaded by the Central Lake County Water Committee. If the enabling legislation is signed by Gov. Thompson, the committee could shift gears easily to become the Joint Action Water Agency with specific authority and the key power to fund itself. More water is needed badly by the inland villages. The new legislation should help speed the day for turning on the faucet to Lake Michigan.

## Letter To The Editor

### Reason For Yes Vote

Editor:  
 Most voters are practical people, especially when they are asked to vote to raise their taxes, as in the upcoming June 29 referendum for Warren Township High School. They are prone to ask practical questions, like these: What's in it for me? Why should I vote to have my taxes raised

when I don't even have any kids in the school system? Why should I care what kind of school is built or when?

If you have asked these or similar questions, then I would like to offer an answer that perhaps you haven't heard about and be willing to help pay for the best school system possible because that school system is educating our future work force and community leaders. Even if you have no children in high school, that high school is educating the future gas station mechanic who will be fixing your car, the consultant who will be figuring out how to save you money, the future doctor who will help save your life. All American citizens are expected to share the responsibility of providing the best possible free public education to all children in a community in order to guarantee an educated work force.

Nancy Clark  
 Gurnee

## Editor's Viewpoint Death Of Family Touches Everyone; Blame Of All

By BILL SCHROEDER

Call the death of the entire Daniel Boni family an American tragedy. All of us in a small way contributed to the events leading up to the crash south of Antioch that wiped out the five Bonis of Wauconda.

Putting aside the shock and dismay of the event itself, the facts now are coming to light that Daniel and Therese knowingly put their own lives and the lives of their children in grave jeopardy by drinking too much at a family gathering—and then attempting to drive home. There is evidence to believe that they also had wrecklessly imbibed of other controlled substances before taking to the highway that fateful Sunday morning.

Let's not be overly critical of the parents for their stupidity. They were only following a pattern of behavior that is all too common in America today. Very few adults in society can say in all honesty that they've never gotten high and then taken to the wheel of their car. A lot of us have gotten away with that mixed up thinking. The Bonis didn't and they paid for a lack of judgment with their lives.

Part of the American tragedy is that society is guilty, in part, of accepting behavior that contributes to incidents like the horrible two-car crash on Rte. 59. Slowly our laws and beliefs are changing about liquor and drugs. Right now the Illinois General Assembly is working on stiffer drunk driving laws. Slowly, but oh so painfully, the screws are tightening on illegal drug usage. The pace is not rapid enough, though, to help families like the Bonis help themselves.

PLANT WOES—"Sometimes I think I'm losing my mind," exclaimed Lydia Spray as she described her predicament of dealing with a plant "that almost acts human at times."

Mrs. Spray, a widow and a retired piano and organ teacher, described in dismay her life with an eccentric philodendron that occupies a prominent spot in her Ingleside home.

A month ago Mrs. Spray called with the news that the philodendron had sprouted a prominent bud and was getting ready to blossom, an almost unheard-of event for the leafy tropical plant. She said she's had the plant 20 years and nothing ever happened like this before.

Local florists and horticultural experts viewed the plant and confirmed the rarity of the impending event. Several weeks ago Mrs. Spray said she was dumbfounded one

morning to find the plant in full bloom. "This is what I had been waiting for and I started calling all my friends," the plant lover remarked.

But before friends could arrive, the blossom closed tightly. "Now I feel like a chump. Who's going to believe me? I scolded that plant. It made me mad," Mrs. Spray related. The philodendron has retreated to its former state, growing healthy, but forgetting all about its blossom.

Mrs. Spray has received the suggestion that the plant probably is in a snit, angry with her harsh words. "Could be," she conceded. "The darned thing sheds tears and does other human things." Now we can wait for an experience with a flesh eating plant.

UNPOLITICAL—County Chairman James (Jim) LaBelle passed up a gold opportunity for taking a giant step toward his reelection as chairman of the Lake County Board by appointing Eugene Martin of Libertyville to replace the Dist. 5 vacancy created by the resignation of Priscilla Richardson of Gurnee.

County building observers are saying that LaBelle could have appointed Supervisor Mike Graham of Libertyville, one of the aspirants for the opening, and locked up Graham's support for chairman. The reasoning is that Graham is going to run for the post next spring and will be hard to beat so why not bite the bullet now? We'll have to wait until next spring to see what kind of race Martin makes to test the theory of LaBelle's political acumen.

# Red Bean Recipe From 'The Bean Queen'

I'd like to nominate my wife for bean-cooking queen. Red or white, Anita really knows her beans. Unfortunately, she belongs to the pinch-of-this, pinch-of-that club. So you have to persuade her to join the measure-this, measure-that circle for a spell.

She did, one Sunday afternoon, so I could share with her friends and you, the fantastic recipe for red beans. She says the concoction is a cross between Cuban and Puerto Rican red beans.

Anita also cooks on unusual settings — such as a little higher than medium or a little lower than medium high — on our electric stove. For convenience, I've rounded off the burner designations.

Alas, she has her own method of "bean-manship." First, she does not soak beans overnight. "You don't have to," she contends. Secondly, Anita snubs the quick-boil technique. She just washes the beans, picks out any foreign particles and plunks them in a large pot, such as the bottom half of a pressure cooker. You know, the beans come out great.

Anita usually adds a little salt, depending on how salty the beans end up. Actually, most of the time, they need none.

## Anita's Red Beans

- 1 package (14 oz.) kidney beans
- 1 bay leaf
- 2 ham or pork hocks
- 1 soup spoon bacon fat
- ½ pound salt pork, sliced and halved
- 1 medium onion, chopped
- ½ green pepper, chopped
- 3 garlic cloves, minced
- ¾ teaspoon dried oregano leaves
- ½ teaspoon dried parsley flakes
- ¼ teaspoon cumin
- 1/8 teaspoon black pepper
- 1 can (8 oz.) tomato sauce

Wash beans, place in large pot half-filled with water, bring to boil and cook loosely covered on medium-high heat 30 minutes. Add bay leaf and hocks, reduce heat to medium, cover and cook about one hour, until fork-tender, adding water if needed. In large skillet, melt bacon fat, brown salt pork on both sides, add onion, green pepper and garlic, stir in seasonings and fry several minutes; stir in tomato sauce, bring to boil and let bubble several minutes, stirring. Stir mixture into beans. Cook beans covered on medium heat another 15 minutes. Serve over white rice. Serves a crowd.

# Extension Office To Host Stepparenting Workshop

One out of every three marriages in the United States is a remarriage and in one-third of these marriages, both spouses have children from a former marriage.

This means that there is a large number of stepchildren and stepparents that are dealing with common family matters and facing special concerns as well. The new-family has to blend together and unfortunately this is not an easy process.

The University of Illinois Cooperative Extension Ser-

vice will present "Stepparenting, Step-by-Step" at 7 p.m. Thursday, June 13 in the Extension Auditorium in Grayslake. The lesson is free and advanced registration is required. Please call (312) 223-8627 to register. All are invited, couples and singles anticipating a blended family situation.

Dave Lindgren, M.A. Family Therapist, will interview a panel of stepparents willing to share pleasures, problems, challenges and respon-

sibilities in their unique relationships.

Some concerns that will be discussed are: the uncertainty about how to act toward a stepparent, worries that liking a stepparent means betraying a birth parent, jealous of the stepparent for sharing the parent's attention, upsets because the "pecking order" habits and rules have changed, unsure of a stepparent's responsibilities and hurt because the stepchild does not show love and appreciation right away.

# Dept. Offers Free Clinic

Childhood immunization-only clinics will be held at the following locations and times:

St. Peter's Church Hall, 557 Lake St., Antioch; 9 to 11:30 a.m., Wednesday, June 19.

Wauconda Township Office, Rte. 12 and Bonner Rd., Wauconda; 9 to 11:30 a.m., Wednesday, June 26.

A parent or guardian must accompany all children. At the immunization sessions, children can be immunized against polio, diphtheria, tetanus (D.P.T.), measles, mumps and Rubella (German Measles).

Parents are asked to bring their children's past immunization records. If a child has an immunization letter from the school nurse, it should also be brought to the session.

For further information, call the Lake County Health Dept., Communicable Disease Program, (312) 689-6761.

Both immunization clinics and hearing and vision testing will be held at the Mid-Lakes Medical Building, 6 E. Main St., Round Lake Park, on Wednesday, June 12, by appointment only. Telephone (312) 546-6662.

Early identification of possible hearing and vision problems may prevent

medical and/or learning disabilities. Children with possible hearing and vision problems will be referred to appropriate resources so that corrective measures may be prescribed.

## Wauconda Boy Rescues Cat Family 4-H Plans Pet Show

by CHARLENE WHITNEY

We had missed church Sunday when we got a phone call from our friends, Thomas and Janet McHuge of 145 Church St. in Wauconda. They had been cleaning the garage when they noticed a gray cat going into a hole above the garage. Upon closer look with a flashlight, a kitten could be seen following mother cat way in the back. McHuge didn't know who to call or just what to do and it was a hot day and seemed to feel like 110 or 120 degrees. Because it was Sunday, the animal shelter was closed.

I tried to make some phone calls but it was Memorial Day weekend and everyone was out visiting relatives or having picnics, so, I told McHuge that my son and I would come

enough room to crawl on his stomach and the wood beams cut and bruised him as he made the trip three times from one end to the other. It was so dark that even a flashlight didn't give much light to see anything.

Bobby took two kittens in one hand and crawled back to the entrance of the hole trying not to hurt them. The third kitten came out the next trip. He went back to check for more and to find the mother cat. Each inch of crawling left him with more cuts and bruises, but he wouldn't stop until all the kittens were out.

The darker kitten, I think, female, was nearly dead and the other two, I believe,

food and water, along with nice, round tum-mies.

The babies are fed several times a day and played with by Bobby and my daughter, Mary, who treat the kittens with a most gentle touch. Bobby gets up at six every morning to take care of them and works with them through the day until bedtime.

The mother cat, a gray tabby, must have been someone's pet before giving birth but now she is so frightened of people that it makes us believe that something has happened to her. Bobby can pet her and he talks softly when cleaning her cage and feeding her. I worry about her a lot.

She will need a good home with someone who will really take the time to care for her and show only gentleness. She may never be anyone's lap cat but then again with the right person she might. It would be most important that she be spayed so that this kind of thing will not happen again. If you are the person who will do all of this for her, give me a call at (312) 526-3214.

The kittens will also be up for adoption to good homes. I ask only that those who take them, to promise to have them neutered or spayed. There are so many cats and kittens who end up in much the same way because they kept having more kittens. These are free to those who will love them and have them fixed. A reasonably-priced spaying, neutering service is available by calling (312) 432-4799.

After waiting for weeks for Sugar, one of our dogs, to have pups, the vet told us just the day before that she wouldn't have any. We were disappointed.

Now, we are babysitting three lovable, cute kittens and a nice-looking mother cat. I believe that the stork really did get mixed up this time. But, it will all be worth it if they all end up in good homes.

## 4-H Plans Pet Show

The 4-H Club will have a miniature fair for 4-H members and the public is welcome. One of the highlights will be a cat show at 7:30 p.m. on Friday, June 28.

At 9 a.m. on Saturday, June 29, there will be a small pet show for the 4-H members. They will have birds, hamsters, mice, rats, snakes and etc.

There will also be many other projects that will be on display at the Lake County Fairgrounds on these two days.

I asked about membership for those who wish to be in 4-H. Many girls and boys will be pleased to know that they may join 4-H anytime. There are no fees or uniforms required and the club is open to all those from ages eight to 19.

If interested in the fair, call the Lake County 4-H office at (312) 223-8627. Residents may join whether or not they live in the city or in the country.

The animal projects are most popular but they also offer crafts, computers, cameras, cooking, sewing and many other projects that teaches youngsters. It is all done with volunteers that care.

A new member will be directed to a chapter closest to him or her and there will be meetings for business plus project meetings. Already, more than 1,000 kids have joined in Lake County with 4-H school and community clubs.

On July 12, 4-H will offer a 12-week course of dog training covering all the things listed in the dog show coming up. A total of 75 kids have signed up for the class that began in April. The public is invited to watch these kids compete at the dog show.

## Pet-Wise

males, were almost the same. The mother cat had very little milk as she had been running wild and found little food or water.

Bobby continued to look for the mother cat. He went in and out of a couple of attics and searched the yard and garage again. At last, he saw her up in the rafters of the garage behind some boards. He told me that her eyes gave her away. They were so big and green.

The mother cat was so frightened that we could only catch her one way. The long-poled fishnet was our only hope. It took a few tries but we did get mother and babies back together and into a cage for transport.

I am allergic to cats and so is our daughter, so we had to make them a home, using a carrier. So far, they have been getting lots of

down and see what could be done.

We loaded the wagon with a cage and a long loading pole. Bobby Whitney, 14-years-old and myself were not too sure how we would handle it.

Bobby was the only one who could climb the ladder and fit into the hole and it was so hot that he nearly passed out. He only had

## King Reigns Over Ozark Renaissance

A former Lake Countian is now a king. His kingdom is not in a far off land or on a secluded island. His royal court comes alive only in July to sing, to dance, to do battle in the streets. And it is only a day's drive away.

Edward Anderson's kingdom is in Ozark Mountain Country and he is producer and director of the King Edward Renaissance Festival every weekend in July. It is now Missouri's only renaissance festival and it is the only renaissance festival in the nation to take place within a living, tudor-style National Historic District.

"The community of Hollister," Anderson said, "is unique not only to Missouri, but unique to the region. It portrays an actual old English village, with architecture that represents England of 400 years ago." He continued to say that his festival there will add 30 Renaissance crafts and over 60 costumed actors and actresses to create an actual English village.

Anderson, a graduate of Antioch High School and the College of Lake County, went on to receive his master of arts in English Literature and that is where his interest in the Renaissance period began, he said. "It was a rich age with much to offer the people then as well as now. Attending the festival here will be a wonderful way of escaping the 20th century."

Hollister is located in the heart of the Ozarks, a sister city of Branson and Silver Dollar City, which is Missouri's leading tourist attraction. "It's nothing for us to receive 100,000 visitors to this area in a weekend," Anderson said. "There's so much to see and do here in the lakes region, that a normal length vacation just

isn't enough. It's a place to come back to."

The Ozarks appeals to all ages, he said, "and that's exactly what we will offer at the festival. Old English games for the kids and gourmet delights for those with their palate in mind."

The King Edward Renaissance Festival will

## Augsburg Celebrates 2,000th Birthday

A year-long celebration is now underway in the Bavarian city of Augsburg as history comes alive in this important commercial center on Germany's famed Romantic Rd. There are festivals, special exhibitions, theatrical and musical performances, international sports events, and other planned happenings of special interest to visitors—all in observance of Augsburg's 2,000 birthday.

The commemoration of the founding of Augsburg by the Roman Emperor Augustus, 20 centuries ago, promises to be as exciting and colorful as the city's history and for the entire year guests from all over the world are invited to participate.

The monumental city hall, one of the most beautiful Renaissance buildings in the world and completely renovated this year at a cost of about \$6 million, is at the heart of the events. The famous Gold Hall has been returned to its former resplendent glory and two major observances of the anniversary program will be held here.

Through October, a large scale historical pageant will recreate the time when the city hall was being built and

when trades and crafts were flourishing in the "Golden Age of Augsburg." A historical marketplace, parades of craftsmen, performances by jugglers, minstrels and singers, a carnival procession and many other presentations will make the visitor feel as if he or she were living in the 17th century.

The other major event at the City Hall will be the exhibition entitled, "The Romans in Swabia," from May 25 to Sept. 30, a vivid retrospective of almost 400 years of Roman rule in this province. Within the exhibition will be spectacular archeological finds as well as many artifacts used in daily life.

This city of 245,000 people is at the junction of two Alpine rivers, the Lech and the Wertach, and less than an hour from Munich by train or car. Its history is a diverse one. Not only was Augsburg a free city for 500

years, it was the Holy Roman Empire's financial center in the 15th and 16th centuries. It was also the birthplace of the Diesel engine in the late 19th century.

Emperors and kings were often guests. Wealthy and powerful merchant families such as the Fuggers and Welsers founded empires that covered much of the world. The reforms of Martin Luther were defended in Augsburg and the Confession of 1530 became important to centuries of Protestants.

The architectural styles of many periods have left their mark on Augsburg in the form of magnificent buildings, quaint avenues and monumental fountains making the city a feast for the eyes as well as the soul.

Today, Augsburg is a skyline of contemporary office buildings rising above the church spires which reflect the history of this great city.

## Easy To Reach Places Make Good Sense

With COLONEL BILL RADKE

Among major interests shown by vacationers is the background of a visited area. Travelers are sure to see places that made history... mostly romanticized, but some quite current... and not always good. Frequently, rascals are more popular than heroes. Travelers may visit several locations in Wisconsin, Iowa, Illinois and Indiana, where Al Capone or his underworld henchmen headquartered, set up a fortress, performed some heinous deeds... or just hid out and fished. Local highlights, they call it.

Nearby Danville, Illinois' announcement of the re-enactment of a Civil War battle picqued the historical curiosity and imagination of many. Why Danville? No battles of the Civil War were fought there. Yet, there are reasons. Danville is the only U.S. town having two local brothers as recipients of the Congressional Military Medal of Honor, the nation's highest valor award.

Another reason, Vermillion County, in which Danville is located, sent 2,596 Civil War volunteer soldiers into the military. That was 12.5% of the total population. Also, Ward Lamon, the Danville Law partner of Abraham Lincoln, though born a southerner, gave up his confederate regimental command to become a bodyguard and confidante of President Lincoln who considered Lamon "the closest friend I have." These are a few facts which set the stage for an unusually fine depiction of life during the Civil War days... not only military life, but civilian culture as well.

It's estimated this year's festival attendance is up more than 50%. Credit is due the well-staged, authentic production, advance publicity and good weather, crowned by the enthusiasm of over 1000 participants from many distant locations. Commuting from Danville's Sheraton Inn to Kennekuk Park was an easy 11 mile trip. Cars, vans and trucks parked everywhere. One felt the emotion during the hour-long battle as shouting troops advanced and fell back, muskets banged, pistols popped and cannons roared.

It was a great display and will be again next year. For information, call Danville Area Visitors Bureau, (217) 442-1887.

Thinking back to this time last year, we were in Nebraska learning why people go there and what they can expect. Omaha is

probably the best known city, a familiar name is the Mutual of Omaha Insurance Co., with its famous "Wild Kingdom" connection. Nationally known Boys Town started there in 1917 by Father Flanagan, to give troubled youth an educational opportunity. Other interests for the traveler include Omaha's old town market, revitalized for specialty shops and eateries, such as the converted Firehouse Dinner Theater. Their Strategic Air Command Museum presents an informative air equipment display of activities from WWII and thereafter, including space command flights. Nearby Platte River State Park offers teepees, tents and cabins overlooking valleys "where the buffalo roamed." AK-SAR-BEN racetrack is a state-supporting operation which contributes needed emergency dollars. It's a tricky name... try spelling it backwards. As a destination for early Chisolm trail cattle drives, Omaha is still famous for its fine foods, restaurants and hotels to house business and vacationing visitors.

Nebraska is a beautiful state that mingles plains, sandhills, foothills, winding rivers and mountains. Here again, history crops up with it all. Call 800-228-4307 for Tourism's informational maps and booklets.

## Free Tours Available

Community and church groups who would like to enjoy a free, informative, evening presentation that highlights the amenities of escorted motorcoach travel can now schedule an entertaining speaker and slide show from Downers Grove-based Mayflower Tours, Inc.

"We've found that it's a popular way for clubs and community organizations to find out exactly how an escorted motorcoach vacation works," says Mayflower Tours Vice President Mary Stachnik.

Mayflower Tours travel presentations are followed by a bingo game which features 50-cent pieces as prizes.

Over 30 escorted motorcoach holidays throughout the U.S. and Canada are offered by Mayflower Tours.

For more information on how to schedule a free travel presentation for your next church or community group function, contact Mayflower Tours, Inc., 1225 Warren Ave., Downers Grove, IL 60515, (312) 960-3430.

## Railroad Day Reviving Era Of Train As King

Sunday, June 16, is Railroad Day at the Illinois Railroad Museum in nearby Union, McHenry County.

This is a chance to ride in a caboose, pump yourself along on a hand car, and see historic equipment undergoing restoration.

An added attraction on June 16 will be a display of 25 antique Studebaker automobiles. Many Studebaker cars and two Fairbanks-Morse diesel locomotives and the Pennsylvania RR/Amtrak GG1 electric locomotive in the Illinois Railway Museum's collection were styled by famous industrial designer Raymond Loewy.

Running Sunday will be examples of all major rail propulsion modes. A caboose train and a steam train will operate. Electric trolley and street cars will be running. The Burlington Zephyr diesel train will operate, as it will each Saturday in June.

A hand car can be ridden by those willing to provide their own horsepower. Demonstrations of spike driving will be given and visitors will be allowed to try their hand.

Equipment not normally open to the public will be available for inspection, including the cab of a diesel locomotive and the operating steam engine. Also open for the public will be the steam and electric restoration shops where they can inspect the progress being made to restore a 1901 steam engine and a 1906 Chicago street car to operation.

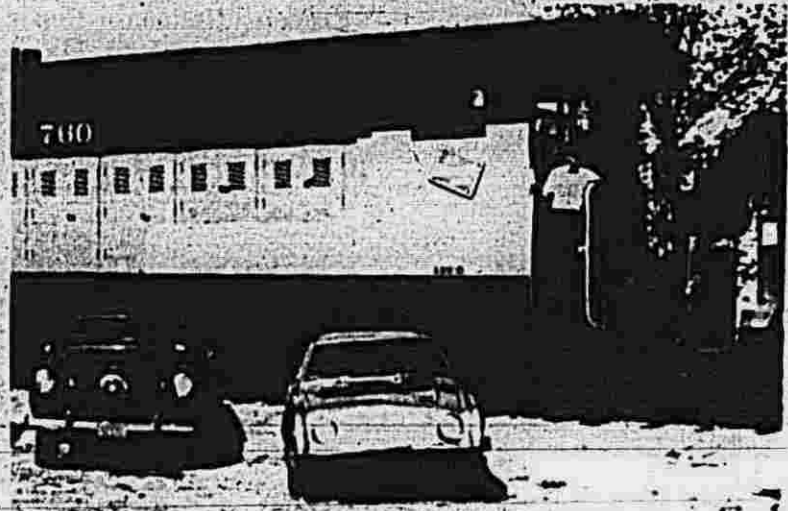

Many pieces of equipment have been restored at the museum and are operated on the four mile demonstration railroad mainline and the mile long trolley loop. Other portions of the 200 piece collection are displayed on over one mile of track inside protective car barns. The museum operates daily until Labor Day, and weekends

thru October.

Upcoming special events include the annual Trolley Pageant on July 4 and Steam Week, August 4-11. The Trolley Pageant is the largest operation of trolley, street, and electric interurban cars in the Mid-

west. Steam trains will operate daily during the first week in August.

A variable admission (more when diesels and steam run - fuel costs) entitles visitors to unlimited rides on equipment operating that day.

### Old 'Studies' In Spotlight

More than two dozen vintage Studebaker automobiles will be sharing the spotlight in display in Illinois Railroad Museum. Antique cars and electric locomotives share heritage that both were styled by famous industrial designer Raymond Loewy.

## True Value Sees Changes

The True Value Hardware Store in Grayslake has seen many faces since construction in 1956. Originally a department store, it was built by Fred Kuehler. Since then, a barbershop, a grocery store and Lenzen Hardware have put down stakes in this downtown location.

"The Masonic Lodge made it's home on the second floor for a great number of years," said Everette Hook of Hook's Lumber Grayslake. "The buildings construction has stayed the same over the years," said Hook. Until recently, that is, when the building underwent a face-lift with a new sign and paneling to make it an attractive part of Downtown Grayslake.

## Summerfest Plans Annual Baby Contest

Once again Grayslake Summerfest will hold a Pretty Baby Contest. Winners will be announced at 6:30 p.m. at the stage.

In the contest, parents must submit an 8 x 10 photo of the baby at Total Images Studio by Thursday, June 13. The child must be newborn to two years old and the child's name, address and phone number must be included.

The photo will be hung up with a voting bucket underneath it all day Friday. Summerfest visitors can vote for the prettiest baby by purchasing wooden tokens for 25 cents or five for \$1. The winner will be the baby with the most tokens.

The winner will receive a \$100 savings bond, second place will receive a \$75 savings bond and third place will receive a \$50 savings bond.

## Win A hot Air Balloon Ride At Summerfest

The Grayslake Summerfest Committee has added a touch of romance to this year's Summerfest activities.

Anyone can register to win a fantasy hot air balloon ride for two this year. Tickets for the drawing will be available downtown during Summerfest.

The two lucky winners will lift off at 7 p.m. on Saturday, June 15. The balloon ride will last about one hour with champagne and a beautiful sunset included.

The winners will be chosen at 6:30 p.m. at

the stage on Saturday, June 15. The balloon ride is courtesy of Windy City in Fox River Grove.

Windy City offers a variety of activities. They have gift certificates for flights, champagne flights, flight training and balloon sales.

Windy City has fuel available, a gift shop and promotional balloons available for open houses and grand openings as well as having a launch site available.

## Cook Book Benefits Winchester

Winchester House is in the process of raising \$32,000 to purchase a bus for the transportation of its residents. It has always been necessary to rent special buses with hydraulic lifts and this costs approximately \$5,000 per year, which is

dependent on donations to the Winchester House Volunteer Fund.

The bus project has been in effect since July 1984 and at this time there is approximately \$6,000, which is a long way from the goal.

The current fundraising

effort is a cookbook which consists of recipes submitted by the residents, their family members, the staff, and others from the surrounding communities.

These cookbooks sell for \$5.50 and are available through various volunteers.

## Slate Musical Picnic

A musical picnic is the  
setting for the 17th Spring  
Musical of Gerry Traxler's  
Choral Dynamics.

From the opening number,  
"It's A Great Day for a  
Picnic" to the stirring  
patriotic tribute, "Freedom  
Isn't Free", bringing down  
the curtain, the 100-voice  
chorus will present a variety  
of musical numbers in-  
cluding Broadway hits,  
popular show tunes, con-  
temporary and secular  
pieces.

The show will be at 8 p.m.  
each evening on Saturday,  
June 15 and Sunday, June 16.

at the Libertyville High  
School, Park Ave., Liber-  
tyville.

Traxler, who is in his 17th  
year of directing the chorus,  
has put together a show with  
16 choral numbers in-  
terspersed with special  
numbers by soloists, duets  
and ensembles.

Jerry Howard will be a  
featured dancer in the  
number "Embraceable  
You" while he and Carrie  
Pulnam dance during the  
opening number.

Joan Smith will MC the  
program.  
The audience has an op-

portunity to participate in a  
sing-along of old favorites. A  
novelty number has the  
entire men's section  
"buzzin'" in "Mosquitoes."

The beach gang will assist  
in the opening number and  
add background for a  
number by John Leimer,  
"Standin' On the Corner."

Tickets are available  
through choral members,  
the Lake Zurich Women's  
Club or at the door.

Gerry Traxler's Choral  
Dynamics is a not-for-profit  
group and has raised funds  
throughout the 17 years for  
local beneficiaries.

The Grayslake Library had hoped the remodeling would be complete in time for Summerfest but the work is not quite complete. The library board is hopeful the library will reopen sometime during the week of June 17.

Workers at the library were completing the installation of carpeting in the original section last week and were delayed a few days when they ran short and had to order a few more yards of carpeting.

Summerfest is sponsored by the Grayslake Area Chamber of Commerce and Industry, Village of Grayslake, the GDC and the Grayslake Park Dist.

## Offers Sibling Classes

Anyone who has ever wondered what makes a sister or brother a V.I.S. (very important sibling) has never watched a toddler stand on his/her toes to peek in at the new addition to the family.

To help that V.I.S. adjust

to the newcomer, Northern Illinois Medical Center again offers the Very Important Sibling classes on June 30 at 7:30 p.m. at NIMC. This class, which is normally scheduled for July, is being

given early to accomodate vacation schedules to insure that the siblings have the best possible class. For reservations call the maternity department at (815) 344-5000, extension 3850.

### Setting Up Shop

Grayslake exchange Club members works on the Beer and Brats booth for Grayslake Summerfest Days. From left are Jim Matusek and Bob Kautz. The money earned from the booth will be used for the Exchange Clubs projects throughout the year.

## American Legion Sponsors Student For Premier Boys

Grayslake American Legion Post 659 is sponsoring one high school junior at the Annual American Legion Premier Boys State to be held at Eastern Illinois University June 8-15.

Randall C. Reidel, from Grayslake Community High School, will be the student sponsored this year.

Premier Boys State is a compressed course in practical civics. It is a plan for training in the functional aspects of citizenship.

Its purpose is to help develop in the youth of today constructive attitudes towards the American form of government and by doing

so to endeavor to transmit to posterity the principles of justice, freedom and democracy.

Premier Boys State is designed to assist in teaching boys that our American form of government is fundamentally good, that its duration has demonstrated its usefulness and that all it demands is an intelligent and interested citizenry and a clean, honest, impartial administration responsive to the will of the people.

The "citizens" of Premier Boys State are high school juniors and are placed at random in mythical cities

and countries and are assigned to purely mythical federalist and nationalist parties. The citizens participate in choosing city, county and state officials, from Alderman to Governor, in accordance with regular election procedures.

These officials are instructed in the duties of the offices, whether executive, legislative or judicial and in citizenship practice periods, perform the functions of government. The constitution and the statutes of the State of Illinois are the patterns from which the fundamental law of Premier Boys State has developed.

## Aging Council To Meet

The needs of the older woman in Illinois will be among the concerns discussed by the Illinois Council on Aging at a meeting in Springfield on Thursday, June 13, according to chairman Willard C. Rasmussen, of Park Ridge. Scheduled from 9 a.m. to 3:30 p.m. at the State House Inn, 101 East Adams St., the meeting is open to the public.

"Because there is disturbing evidence indicating that the plight of the older woman in Illinois is

extremely serious, the Illinois Council on Aging will discuss the possibility of forming a special task force to study how their physical and financial needs can and should be addressed," said Rasmussen.

Other agenda items include the introduction of the governor's new appointees to the council, a presentation outlining plans for the 1986 State Plan on Aging, and an update on the Department on Aging's role on a multidisciplinary task force that is expected to focus on the needs of Alzheimer's

victims and their families.

The luncheon speaker will be a representative from the Illinois Dept. of Revenue, who will explain the new Pharmaceutical Assistance Program that begins operation on July 1, 1985.

Director Janet S. Otwell of the Illinois Dept. of Aging will also be speaking during the meeting and will cover recent departmental activities, including a statewide initiative designed to help seniors avoid being victimized by fraud and other con games.

# Linden Plaza Offers Aid For Dads Day Shoppers

Many of the Lindenhurst's Linden Plaza merchants want to help their customers honor the head of the family, Dad, with a special gift just for him on Father's day, June 16.

Ben Franklin, always interested in saving the customer money, is offering special discount coupons on various Jovan and Revelon after-shave products.

The variety store's gift department is chock-full of many specialty items that will tell Dad just how much he is loved. There is a variety of mugs for him to

use at the office and at home, and some of those most-masculine shaving mugs that have regained popularity of late.

If Dad does the family barbecuing all his culinary needs can be met at Ben Franklin. And if gardening is his hobby, there's a tool for every green thumb as well as comfortable portable lawn chairs for Dad to rest in.

What man doesn't love to putter with his car? U-Save Auto Parts can fill the bill for Dad in this category since it carries parts for most late

model cars, including the all-important chassis and ignition parts.

There are chrome wheel nuts and motor dress-up kits to spiffy dad's jalopy up, as well as a long list of auto accessories such as license plates frames, splash guards, seat covers, compasses and seat consoles.

"If Dad didn't like flowers he wouldn't send as many as he does," said Flower Hut owner, Roger Reiling, negating the misnomer that one only sends flowers to ladies.

The Flower Hut suggests a

nice plant for Dad's desk or place of business, such as a dish garden, a cactus (rough and ready), or a growing green thing in a duck planter or one of the many attractive mugs available at the Flower Hut.

Now that video is in, and Dad of course keeps up with the latest, Four Star Video suggests the rental of a VCR and one of his favorite movies (free with the rental) for him to enjoy on his special day.

If Dad already has his own VCR, why not buy him extra blank tapes for his own use,

or how about giving him a copy of his favorite movie so he can watch it anytime he wants to.

Dee's House of Pets, owned by the Gross family, Nancy, Corky and Jeff, also offers special prices on gifts for Dad. There will be 25 percent off on a California King Snake, 20 percent off on an Orange-Wing Amazon Parrot, assorted special values on tropical fish and a gift certificate for the hard to please.

The Dandi Pet Care Center, the cleanest and most modern grooming facility in

the area, suggests giving Dad's favorite pet a professional grooming.

The center is offering free nail clipping, one free day of board with every boarding stay of seven days or more, and gift certificates for boarding and grooming are available.

## Playing The Net Puts Pressure On Opponents Of 'Record' Season

by CELESTE PREGRACKE

If one player stays up while the other is back, you get away with it if the other team is doing the same thing. But if you want to have more fun, more action and play aggressively, then come to the net.

There you can put more pressure on the opponents by limiting the area in which they can pass. If your return is low and placed fairly well, it will be extremely difficult for them to get a ball past you. Under these same circumstances, unless they are exceptional lobbers, their lob will fall around the service line giving you the opportunity to smash.

Picture one up and one back. These two players are so far apart that the court is

literally open to the opponents. You have to close the court to the opponent and you do that by working as a team, side by side, near the net.

## Tennis Tips

If you and your partner always move in the same direction as the ball, you will always be approximately 12 feet apart from each other. In this position, you are only leaving a small part of the court open. No one can consistently hit there - you and your partner can now control the ball.

## Subject Retires After 35 Years Of Service

After 35 years of dedicated service to the students, parents, and staff of Grayslake Community High School, P.P.S. Director Paul "Pete" Subject, one of the most successful coaches in Northwest Conference history, will retire at the end of the current school year.

Pete, who joined the high school staff as a mathematics teacher in 1950, has decided the time is right to retire from education. Starting next year, he plans to spend about half his time helping his partners operate Lakes News Service, while spending the remaining time traveling and enjoying his grandchildren.

Subject was born and raised on a farm in rural Marion, the eighth in a family of eight children. He graduated from Marion Twp. High School in 1941 before enlisting in the Army Air Corps. He served in the 8th Air Force in Europe as a bombardier navigator. Subject was released from active military service in 1946, but remained in the Ready Reserve until 1969. He entered the Retired Reserve and eventually retired as a Lieutenant Colonel.

After leaving active

military duty, Subject attended Western Illinois University. In June, 1950, he received a Bachelor's Degree with majors in mathematics and accounting, as well as a Master's Degree in administration. It was Pete's experiences on the farm as well as his military experiences that helped mold him into the hard-working, dedicated, innovative educator that he became.

From a one-person mathematics department in 1950, Subject was appointed part-time Guidance Director in 1958. His insights into education's direction in the pupil services area, as well as his planning of special programs and total commitment to the students, led to the establishment of a full-time guidance department and his eventual appointment as Director of Pupil Personnel Services. He has served the school in that capacity for the past fifteen years.

In addition to his years as a teacher and guidance counselor, Subject coached baseball from 1950 to 1971. He was varsity coach from 1952 through 1971 during

which time his teams won nine conference titles and co-titles, and one regional title. The greatest tribute to the success of his coaching career came when Pete was inducted into the Baseball Coaches' Hall of Fame in 1980.

## Lady Sequoits See End Of 'Record' Season

by LEE ANN MACKULIN

Antioch's "record-setting" Lady Sequoits Softball Team ended their season June 3 by losing to Mt. Prospect 11-6 in the Sectional Final. Antioch went into this game with a 6-2 win over Mundelein in the first sectional game June 1.

This is "the winningest single softball season Antioch's ever had," said coach Steve Wapon.

The Waukegan West Regionals saw the Sequoits sweep, beating Waukegan West 7-1, Grant 3-2 and Zion-Benton 1-0 in ten innings.

Antioch ended the regular season with a 19-4 record.

"This is the most wins and the farthest a team (in Antioch) has ever gotten," said star pitcher junior Denise Maple.

"We've had very good pitching all year from Denise. She was backed up very well by junior Jeri Gutowski," said Wapon.

Commending Gutowski, Maple said "Whenever she had to go in she did real well. She has good control."

"Defense and the leadership of the seniors" have been the key to this year's success according to Wapon.

"The whole team has done a great job but the senior leadership has been the key," he said.

The first year head coach

commends senior leftfielder Brenda Webb, catcher Tracy Goodyear, second baseman Terry Ramage, shortstop Lisa Rietschel, centerfielder Cheryl Styskal, and rightfielder Michelle Sciortino for their performance this season.

"We had a tough defense. Our batting was pretty good but our defense did the job," said sophomore third-baseman-centerfielder Debbie Sigler.

The credit given the team is returned to Wapon by the players.

"He was a great coach. I really liked playing for him...I think everyone did," said Sigler.

Hopeful for next year's season, Maple said, "We'll be losing five or six seniors in starting positions. I don't think we'll be a strong hit-

## Free Screening

Free Blood Pressure Screening will be offered to the public from 11 a.m. to 2 p.m. on Thursday, June 20 at St. Therese Area Trauma Satellite (STATS), Rte. 59, Lake Villa. No registration is required. Left untreated, high blood pressure (hypertension) increases the risk of premature illness or death from coronary heart disease, stroke and heart or kidney failure.

ting team but our defense will be pretty good. We should have a good team."

"I think we'll show them we can do it," said Sigler.

"They've all done well," said Wapon.

## Hansen Signs At Augustana

Eric Hansen, standout athlete at Warren Township High School, will enroll at Augustana College in the fall of 1985 and will be a member of the school's football team. Hansen, 6' 2", 180 pounds, earned two varsity letters as a wide receiver and defensive back at Warren. He was named to the all-conference all-area honor squads.

At Augustana Hansen will join a team which is coming off two consecutive NCAA Division-III national championships. The Vikings have captured four straight College Conference of Illinois and Wisconsin football titles and have appeared in four consecutive NCAA Division III playoffs.

Hansen, who also won letters in basketball and track at Warren, will major in natural science at Augustana.

## Anglers Find Success In Second Tourney

by TOM MAZUR  
Fishing Writer

The second Chain O' Lakes Bass Fishermen's Tournament is now completed. Frank Nowak ended one very tough day with 11.97 pounds of Chain O' Lakes bass for \$1,474.20 in prize money.

The bass came from the Grass Lake area and were caught on pig and jig. Dave Robel took second place for \$737.10. Lane Parsons from Midwest Bass Assn. locked up third place and Big Bass for \$491.40, \$892 Big Fish money, and a Lowrance Electronic 2330 Flasher Unit.

The association also had checks for 12 other anglers at the event, which saw 182 people fishing the local body of water.

Note that Frank Nowak and Lane Parsons

both fished as non-boaters during this bass tournament and that's great money for just a \$35 entry fee. The real plus for the anglers came in the fact that three fish with blue tags also were landed during the tournament day.

At this time we don't know the worth of the tagged fish, but the Northern Illinois Conservation Club summer program is doing great as several anglers are landing prize fish.

A lady angler in the Grass Lake area was asked to stop fishing by one of the tournament boats as she had around 20 walleyes. That means she was over the state limit.

People who do things like that should be reported by other anglers. State limits are set to provide fishing for all and anglers should obey the law.

Walleye fishing is very hot at the Chain O' Lakes and it will remain so for many years to come, but we must follow the daily limit of six fish per day. Catch and release is used by tournament anglers and a lot of good local people.

The bi-state area has many good lakes for us to fish and the next C.B.F.A. point tournament is seven weeks away. Time for me and others to fish the bi-state's other bodies of water.

Pick your favorite local body of water and take the kids fishing this weekend. School is over for the year and the time should be taken with the family.

Remember to report all orange tagged fish to the Dept. of Conservation and turn in all blue tagged fish at the local bait shops. Buy the \$3 button and join us in fishing the local waterways.

## Gridder Hopes Third Time Is A Charm

by PETER GILL

Former Antioch High School gridder Kurt Kapischke is hoping to continue something that he started in his senior year with the Sequoia five years ago — his football career.

Kapischke, a resident of Lindenhurst and a former Augustana College football star, is preparing himself for a tryout with the Green Bay Packers.

Kurt Kapischke

It will not be the first camp that the 6'5, 270-pound lineman will be going through. He has been through two others. One last year with the Dallas Cowboys and another before that with the Michigan Panthers of the USFL.

"I was at Dallas for five weeks," Kapischke recalls. "They had about 160 free agents they invited. I'm not so sure they thought I could make their team. I played in a couple of exhibition games, one against Green Bay. The next day the Packers flew me up there."

He could have had a contract with the team right away, but because of legalities he had to wait until November for the agreement.

Now he only has to wait for training camp. It has been a specifically planned wait for Kapischke. He worked out all fall and winter while back at school in Rock Island. Besides lifting weights to increase his strength and bring his playing weight up from 250 to 270, he worked as an assistant coach for the team.

He stopped lifting weights about a month ago to let his body recoup. He is now back to it again, figuring on having his training period peak a few weeks into camp, the same time others may start falling apart.

"I'm making my final push right now," he said.

That final push includes waking up at 7 a.m. and running 2.1 miles each day. At 10 a.m. he lifts weights at the gym. The afternoons vary for Kapischke. On Monday, Wednesday and Friday he swims. On Tuesday, Thursday and Saturday he does sprints and runs the 440.

According to his mother, Janet Kapischke, he has a good attitude toward the competitiveness and business of making the team. She said that he realizes that it is only one phase of life.

"He thinks that it could give him a great start in his business career," Janet Kapischke said. "Everything up there (Green Bay) is done on such a professional level."

Kapischke has been disappointed before and his mother said that he will simply move on to a career in business if his athletic career does not work out.

Although he went to a division III school, Kapischke said that the coaches have opened up everybody's chances for a spot on the Packer roster.

"I think they want to push the people they have a little harder," Kapischke said. "It's a lot harder (with the veterans in danger of losing their jobs.) The vets have been working hard and scrambling. Nobody's got it nailed down," he said.

### CLC Orientation

Lake County high school seniors who are uncertain about their plans after graduation are invited to "It's Not Too Late!", a two-and-one-half-hour orientation on opportunities at the College of Lake County, June 20, from 1-3:30 p.m., or 7-9:30 p.m.

### All-American

Former Warren High School gymnast Pam Foss recorded a national championship and All-American status for the University of Wisconsin-LaCrosse gymnastics team in the National College Gymnastics Federation Meet. Foss also earned the All-American Academic Scholarship Award at the NAIA Division II National Meet. Foss earned the honor on the balance beam.

### Renwood Golf News

On Monday, May 27, Jerry Smith of Round Lake had a hole in one on the 4th hole at Renwood. Smith used a 6 iron to sink the 150-yard shot.

### Season To Start

Illinois' frog hunting season starts on Saturday, June 15 and concludes August 31, according to Jim Mick, administrator for the Department of Conservation's Division of Fish and Wildlife. Eight bullfrogs may be taken daily with a possession limit of 16.

A sport fishing license is required for frogging, Mick said. State law forbids the use of firearms, airguns or commercial fishing devices such as hoop nets, traps or seines.

Most froggers use a small spear called a gig to hunt bullfrogs, but it also is legal to take frogs by hand or with a pole-and-line.

## County's GOP Origin Stems From Civil War

By JOHN STEINKE

Most Lake County voters believe that Hell is peopled by two kinds of folks: those who don't read the Bible and those who vote Democratic. Why has Lake County had a bounty on Democrats for the past 130 years?

It was the early settlement pattern of Lake County in combination with the Civil War crisis, which formed the electoral division between the Republican and Democratic parties. The Republican bias of most Lake Countians was rooted in the area's settlement by Whig partisans from New England, Pennsylvania and New York. These people were Whig supporters on their arrival and were ardent abolitionists by the time of the Civil War. Lake County was predominantly settled by these Easterners, and their sons and daughters, grandsons and granddaughters, great grandsons and great granddaughters, who tended to vote Republican thereafter.

## Steinke On Politics

In the 1850's, the Republicans replaced the Whigs in the political turbulence preceding the Civil War. The emergence of the Republican party and its subsequent domination of Lake County and national politics were the direct outgrowth of the great debate over slavery and the ultimate issue of the Civil War. From 1860 to 1932—nearly three-quarters of a century—it was the Republicans, who dominated the political scene. Only twice did the Democrats have a brief resurgence, in the days of Grover Cleveland (1884-1920). It was divisions among the Republicans that contributed to Cleveland's and Wilson's elections.

The Republicans are the only truly successful new national political party to arise in the last 130 years. The Republican party grew out of a period of political stagnation in the 1840s and 1850s during which one ineffective President succeeded another and the drift toward civil war was accelerated. Millard Fillmore presided over the demise of the Whig party in the 1850s. Fillmore was an accidental President. He replaced Zachary Taylor, who died in office in 1850. A temporizer on the issue of slavery, Fillmore trapped himself between two factions of the Whig party: Northern abolitionists and Southern states-rights men. He was defeated for the presidential nomination at the party's 1852 convention by General Winfield Scott.

The Democratic presidential nominee, Franklin Pierce, buried Scott in the election. Other than Lyndon B. Johnson in 1964, no Democratic presidential candidate has captured Lake County since Franklin Pierce in 1852. The Whig party was hopelessly divided by the issue of slavery in 1854 and the Republican party came into existence.

The GOP was founded on the principle: opposition to slavery. In 1854, in response to Southern attempts to spread the "peculiar institution" westward, a group of Northern Whigs, Free Soilers and dissident Democrats met at Ripon, Wis., to form a new party, which they called Republican after the earlier party of Thomas Jefferson. The Republican party was an aggregation of Free-Soilers, Independent Democrats, Conscience Whigs, Know-Nothings, Barnburners, abolitionists and teetotalers. The GOP was able to field a substantial presidential candidacy under John C. Fremont in the 1856 elections.

As the struggle over slavery intensified the fledgling party attracted more members, but it needed something beyond the slavery issue alone. The GOP became dominant when it put together a coalition embracing many issues under the leadership of its first President Abraham Lincoln. Nominated for the presidency in 1860, Lincoln supported the programs that would appeal to Easterner and Westerner, farmer and merchant, immigrant and homesteader. The party tried not to alienate a single group outside the South as it proposed high tariffs, land grants to railroads, federal aid for river and harbor projects, liberalized naturalization laws and free land in the West for small farmers.

The Civil War crisis did quite as much to create a solid Republican North as it did a solid Democratic South. Lake County was marginally Democratic from its infancy until 1854, when the Civil War crisis and the Eastern migration converted the electorate to the emerging Republican party. From 1854 to 1930, county voters didn't support any statewide Democratic candidate.

Next week, we will explore how Lake County responded to the Civil War (1861-1865).
